

FIFRA

Section 2(ee) Recommendation

Date: November 2, 2009

Product: SorbiShield 90™
EPA Registration No. 70950-3-84710

Use: Allow SorbiShield 90™ rate from 0.2% to 0.4% v/v plus surfactant for use on vegetables, herbs, spices, fruit and nut crops, field crops, hops, coffee, banana and pineapple, as well as, ornamental landscape trees and shrubs, Christmas trees, roses, flowers and bedding plants. Use SorbiShield 90™ for the control of soft-bodied insects and mites.

States: All States and Puerto Rico

Directions for Use:

Shake or stir before use. SorbiShield 90™ is miscible in water. To achieve and to maintain the suspension, add the appropriate quantity to water with agitation and maintain gentle agitation during application.

Rate: Use a 0.2% to 0.4% v/v solution of this product plus surfactant.

The user must refer to the federally approved SorbiShield 90™ Biochemical Insecticide label and accompanying supplement label. The user must read and follow all applicable directions for use, restrictions and precautions. For First Aid Statement and other Precautionary Statements, see label attached to the container. This bulletin must be in the possession of the user at the time of pesticide application.

It is a violation of federal law to use this product in a manner inconsistent with its label.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the EPA.
